

**LESS IS MORE**

OFTEN WE TRY TO LEARN AS MUCH AS  
WE CAN, AS **QUICKLY** AS POSSIBLE

**IT GIVES US A FALSE SENSE OF  
PROGRESS AS WE UNDERSTAND THINGS**

**AND THIS IS WHAT LEADS US TO AND  
TRAPS US INSIDE TUTORIAL HELL**

OFTEN THE BEST WAY OUT IS TO  
REMEMBER THAT LESS IS MORE

# **CONSUME LESS CONTENT**

**TRY NOT TO LEARN SO MUCH AT ONCE**

**INSTEAD OF LEARNING MORE MAKE  
SURE YOU ARE PUTTING WHAT YOU ARE  
LEARNING INTO ACTION**

**JUST LIKE I MENTIONED WITH  
PRACTICING AND PLAYING WITH CODE,  
YOU NEED TO STOP MOVING FORWARD  
NAD YOU NEED TO START DOING**

**TO LEARN ANYTHING WELL, YOU NEED  
TO LEARN ONE THING AT A TIME**

# **LEARN THAT THING WELL**

# **PUT THAT THING INTO ACTION**

# **KEEP USING IT**

**AND LIKE MAGIC YOU WILL START TO  
LEARN FASTER, ABSORB MORE OF WHAT  
YOU ARE LEARNING AND ACTUALLY BE  
LEARNING MORE**

**THAT NEXT TUTORIAL, LESSON, OR  
DEMO DOESN'T HOLD THE SECRET  
MISSING PEICE**

**YOU, PUTTING IT INTO ACTION DOES**
